SiO2 Resources in Utah.doc

Ben - Please find a attached a list with the active and proposed Silica Mines in Utah. I have not been to all of the sites, but I have been to both Roudabush and SiO2, both of the deposits are very high grade deposits...up to 97% Silica.

Dear Leslie:

Thank you very much for telephone talking and "Silicon Information".

Please file

402300464

MO 45 00464

MO 45 0063

ation". 50270104 As I told you, recently I have been requested from Japan and Korea to find some "Polysilicon" manufacturing 4021 VV 19 (Z-stded copies)

companies in our State. The companies in

both countries want to import the "Polycrystalline Silicon" (>7n: good quality) based upon the legal contract. If things are going good, Westwood Industries will handle this silicon business to export to Japan and Korea.

Pleaase email "Silicon Information" as follows:

1) Manufacturing companies names ,phone and fax numbers

2) whom do I have to contact?

If you inform me of the above, it would be highly appreciated.

Ben Lim
